

RECOMMENDATION FORM

Guidelines For Recommending A Student

The purpose of the Leadership University is to educate students who have a passion for creating a better future for themselves and for Honduras. To find and select students who should be given this opportunity is a major responsibility and we need your help. We want to partner with you to find the students who meet the following criteria:

- Single women without children and willing to remain so until graduation.
- Graduated from high school with academic excellence and has a hunger for learning.
- Has a team attitude with a desire to help themselves and others.
- Has personal integrity—honest, dependable, and respectful of others.
- Shows leadership qualities—able to motivate others and lead by example and by serving.
- Able to overcome adversities—resilient and persistent; sees opportunities in adverse conditions.
- Able to forgo immediate desires and gratifications for a better future.
- Enjoys study and learning.

If you know a deserving student that meets the above criteria and you are willing to offer your recommendation, you can be the one who makes things happen.

For a student to be considered for acceptance into The Leadership College, they need to be recommended... preferably by a Peace Corps Volunteer, NGO or a charity working in Honduras. We feel those kinds of groups and individuals are best qualified to know the type of student to recommend.

Before making a recommendation, please read this link about the college. You are vital in this mission. You know the student(s) that you will recommend. We are depending on you to make good responsible recommendations.
